Biggest Financial Dream to Come True

- My biggest dream to come true wasn't about a dollar value but that the dream was so huge I couldn't see myself ever getting it.

It was so large that it was going to need supernatural power!

- I always wanted a Porsche, a silver 911 Porsche.

I cut pictures out, had them everywhere. I visited it. I sat in it. I would drive one whenever I could.

- On the verge of buying a new Porsche, it did nothing for me.

Looking at the car in front of me, I had no interest in it.

- "That's not the car!"

To fulfill the dream, I had to get the one I studied and dwelled upon.

- Since it wasn't high on the priority list, if I was in the position to buy a car like that, it meant I had gotten other things right.
