

E5 Leader

WHAT CAN I DO TO BE IN SUBMISSION?

- Having trouble being in submission? Odds are you have your arrows in.
 - Look further than yourself; look to others and your service to others in order to learn submissiveness.
 - Being submissive means not that you're a door mat, but that you're 'sub' to the mission.
 - What's your mission?
 - Be 'sub' to that mission; put the mission above your wish, wants, needs, and desires.
- Start by being in submission to your dreams, and work your way through the other disciplines.
 - Submit to those who have gone before or are ahead of you, in order to learn and glean knowledge and wisdom.
 - Make a decision to be the best person you can by being submissive; it's going to have a great cause and effect for you and others.
