## TEACHABILITY

- Teachability: your ability to be taught. Are you open-minded? Willing to listen? Learn? Apply what you've been taught?
  - Typically, the younger you are, the more teach-able you are.
  - Learning after you think you know it all is what matters.
- Let the wisdom faucet pour into you: Allow the words of others to take root.
  - Whoever you allow yourself to be teachable with should have fruit on his/her tree.
  - No matter what your age, success is unlimited if you have a teachable spirit.
