

# E5 Leader

## HUMILITY

- Humility is a gateway to the power created in life.

The power of influence, the power of the spoken word, the power of submission, and the power of unity all work through humility.

- Humility doesn't come naturally to all; you might have to work to attain it.

If you need to acquire humility work on putting your needs last as taught through vertical alignment.

- Humility and being selfless are related.

Humility comes about because of sacrifice, by thinking about yourself less.

- Adding humility to a bold personality can make a big difference.

With humility, a bold leader becomes a servant leader.

Without humility, the bold leader might be construed as obnoxious

- Adding humility into your life will help you reach your potential.

- Humility is transcendent.

It helps you to grow, change, and acquire intangible things of life.

- The first step towards humility is to be teachable.
