LEADERSHIP

- There is no such thing as a natural-born leader. Leadership is learned, plain and simple.
 - Who do you lead?
 - Yourself: True leadership starts from within. Lead in the good qualities of life and the good nature of life. Make quality decisions that others can model.
 - What kind of leader are you?
 - Review your daily success principles and habits to recognize on which side of the leadership trail you rest your hat.
- Lead yourself, then other people will want to follow you.
 - Trust is the second phase of leadership. Others gain trust and follow you because of the things that you've done.
 - Leadership should never be self-serving.
 - Leadership isn't power; leadership is influence.
