## DREAM BUILDING

- A dream is a cause or a purpose greater than yourself that you want to fulfill.  
(A goal is something you can achieve on your own, a dream is bigger than you.)
- Dream-building is casting the vision for the dream.
- We can dream build in many ways:
  - with pictures.
  - physically visit the dream.
  - confess the dream. Use the power of the spoken word
- Use the 10/10/10 to solidify your dream.
  - Write ten monetary things - Motivational
  - Write ten non-monetary - Motive and Motivational
  - Write ten things for others - Motive driven
- The 10/10/10 becomes a compass in your life.
